

Fees for Antenatal Care as a patient delivering in a Public Hospital

Thank you for choosing your antenatal care in our private specialist rooms. This document outlines the fees that will apply to your antenatal care.

Planning and Management Fee

The Planning and Management Fee (MBS 16591) facilitates personalised pregnancy care - including consideration of delivery preferences, managing pathology, scans, wellbeing check at 28 weeks and consulting with our clinical midwife each time you see Dr O'Rourke. Essentially, continuity of care throughout your pregnancy and prompt quality management of any complications of pregnancy that may occur.

The Planning and Management Fee (PMF) for delivery in a public hospital in our rooms is \$2,000.

Since 2016, Dr O'Rourke, his family and patients have **generously donated more than \$2 million to the Muder Ignacia Hospital in Soe, West Timor.**

As such, Dr O'Rourke will forgo income of \$2000 of the PMF, by way of you making a direct donation to the John James Foundation – our charity partner to raise funds for the Muder Ignacia Hospital.

You will receive an invoice for the PMF (\$2000) with instructions on how to pay to the charity. We ask that this is PAID IN FULL by 28 weeks. If not paid by 28 weeks, we will issue you an invoice for the PMF be paid to Dr O'Rourke directly, rather than to the charity.

For our accounting purposes, a donation receipt from the John James Foundation in the amount of \$2000 is required by 28 weeks.

For more information about the Planning and Management Fee visit us online at drdor.com.au/obstetrics/.

General Antenatal Care fees

These fees are a reflection of the professional services provided to you by Dr David O'Rourke, the costs of running a specialist practice and the high cost of Medical Indemnity Insurance.

Your first visit will be the Initial consultation (16401) and you can expect to have around 7 additional antenatal visits with payment due at each visit. Consultations with our midwife are complimentary.

The following fees with item numbers are subject to a Medicare rebate:

| Description | Item Number | Current Fee \$ |
|---|---|--------------------|
| Obstetric consultation - initial | 16401 | 350.00 |
| Obstetric consultation - subsequent | 16404 | 170.00 |
| Antenatal attendance (each visit) | 16500 | 170.00 |
| Ultrasound | 55703, 55705, 55715, 55724 | 130.00 |
| Planning and Management Fee | 16591 | \$2000 (see above) |
| Pathology requests (if required) | Invoiced by Capital Pathology | |
| Antenatal attendance (phone consultation) | 91858 | 170.00 |
| Post Natal Check (phone consultation) | 91856 | 170.00 |
| Phone review | \$50-\$100 donation to John James Foundation | |
| Antenatal breastfeeding coaching session with midwife | \$150.00 | |
| Postnatal midwifery support | In consultation with midwife, \$150.00 donation to be paid to the John James Foundation | |

Third Party investigation fees

Any external pathology, imaging or investigative requests and/or collections done in our practice that are sent to a third party will likely incur a fee. The request form that you are given can be used at any similar provider of your choice.

Dr O'Rourke will consult with you in the rooms only throughout your care and **will not attend your delivery** in the public hospital.
